

Poco® Hand Held RF Battery Powered Sealer (coming soon)

SEBRA introduces the Model 2450 Poco personal sealer, the next generation of ergonomic and eco-friendly sealers. This small, lightweight sealer is sized and priced to allow every phlebotomist to keep one on hand. Throw away your grommets and replace them with a more economical solution that provides the assurance of hermetic seals. The Poco sealer is designed for use with whole blood collection tubing— it will produce 250 seals per battery charge. The environmentally safe NiMH battery is easy to use and is user replaceable.

The Poco Sealer includes the Model 1105 Hand Held Sealing Head, a coiled cable and an integrated shoulder strap.

- Certified for donor connected use
- RoHS compliant, eco-friendly
- Lightweight
- Small footprint
- Low battery indicator light
- Convenient coiled RF cable
- Integrated shoulder strap
- Can be used by or near persons with pacemakers*
- Tear seal feature makes segments that can be easily separated by hand
- Designed to seal whole blood collection tubing (tubing outside dimension of .080 - .179 in./2.0 – 4.5mm and wall thickness of .020 - .040 in./.5 – 1.0mm)
- CE Marked

Model 2450
Poco® Sealer

* Results of testing on SEBRA Tube Sealers demonstrated that all SEBRA Tube Sealers tested, used in intended methods of application, comply with the MPE (maximum permissible exposure) limits specified for uncontrolled environments for energy density, electric field strength, and magnetic field strength under IEEE C95.1-1992, *Standard for Safety levels with Respect to Radio Frequency Electromagnetic Fields, 3kHz to 300GHz*

MODEL NUMBER	SIZE (L X W X H)	WEIGHT
MODEL 2450 POWER SOURCE	4.8 x 4.1 x 1.75 in. (12.2 x 10.4 x 4.6 cm)	1.9 lbs (0.9 kg)
MODEL 1105 SEALING HEAD	L x Diameter: 8.5 x 1 in. (22 x 2.5 cm)	0.6 lbs (0.3 kg)
